What Excel Meant to John: Although John only attended Excel for a few sessions, he commuted from San Francisco to attend the camp. He noted that it was “the best camp he ever attended.” In fact, he wrote his Masters Thesis on Excel as he mentioned that he had attended many camps throughout the U.S. but none compared to Excel.

Career: John was an outstanding player at Saint Ignatius High School where he won the prestigious John E. Brophy Award. This award is given to the Saint Ignatius athlete who has met the high standards set by Jack Brophy for athletic prowess, loyalty, integrity, and unselfish education. Upon graduation from St. Ignatius, he earned a scholarship to the University of San Francisco. He was an All-WCC pick at USF. His knowledge of the game, mental and physical toughness led to a professional basketball career where he played overseas for Holland, Belgium, and Australia.
