

Excel in Basketball Camp Legend

Kevin Dunne

6'7" Forward

San Ramon High School, University of San Francisco

Excel Career: Kevin was an outstanding player who worked very hard and stay focused on his goals. Kevin attended in the early years of camp, competing in his junior high through high school days. Kevin was a solid all-around player, worked as hard on the defensive end as he did on the offensive end.

Career: Kevin had a great career at San Ramon Valley High School where he performed at an extremely high level. He was the senior leader along with another Excel camper, Randy Winn. Their play, along with the efforts of future pro Mark Madsen made the Wolves a formidable bunch. Kevin earned a scholarship to Santa Clara where he played alongside Steve Nash. Nash was the unquestioned "star" but Kevin was a major factor in the glory years of Santa Clara Basketball. His star shined brightly in their first round NCAA upset win over No. 2 seed Arizona.

Excel Awards Won:

All Star Selection: 1986, 1987
